

# What's New in the Blackboard Version 9 Environment?

## Quick Reference Card

The screenshot shows a Blackboard course page for 'Stethoscope Basics - (URMC.StethoscopeBasics.1)'. The page includes a navigation menu on the left and a main content area. Several yellow callout boxes highlight new features:

- Use My Places to personalize your settings**: Points to the 'My Places' link in the top navigation bar.
- Use the course Breadcrumb Trail to go back rather than the browser Back button**: Points to the breadcrumb trail 'Course Content > Week 1'.
- Display Course Menu in a Window**: Points to the course menu icon (a square with a plus sign) in the top left.
- Refresh**: Points to the refresh icon (a circular arrow) in the top left.
- Go to Course Entry Page**: Points to the course name 'Stethoscope Basics (URMC.StethoscopeBasics.1)' in the top left.
- Hide/Show Course Menu**: Points to the left arrow icon at the bottom of the course menu.

The main content area displays an article titled 'Article - History of the Stethoscope' with an attached file 'Stethoscope History.pdf (1.042 MB)' and a photograph of a stethoscope in a brown leather case.
