Additional Educational Programs...

New Provider Course

This online course is designed for new obstetric care providers and teaches the essentials of fetal heart rate monitoring interpretation and fetal physiology. Subscriptions are available for individuals or institutional groups. Nine contact hours are included in the individual program, and can be awarded for an additional fee to groups.

Student Tutorial

This online course is designed specifically for the undergraduate nursing student. It teaches the basics of fetal heart rate monitoring and interpretation. This course is offered FREE to nursing schools only.

periFACTS® Online Store

We offer a wide variety of individual, credit-bearing courses, educational videos, and textbooks to suit your continuing education needs. Our store can be accessed online 24/7 at www.perifactsstore.urmc.edu.
