Sung to the tune of "I Will Survive" by the great Gloria Gaynor:

At first we were afraid, we were petrified
Kept thinking one more year'd go by
without you by our side
But then we spent so many nights thinking
how to have some fun
And we planned hard and we planned
long

So now we're back-to plead our case

We just can't live without you playing here in The Ugly Disco's space
You should change the plans you have
You should bring all your closest pals
Cause we know for just one party you'd want back to grovin' beats

Go on now go, costume yourself, just turn it out now
'Cause you're so welcome ever more
Yes we're the ones who want you dancin' in the aisles
Do you think we're lyin'? Do you think we'd kid you about this?

Oh no not us, we're not that weird
For as long as we know how to party we know we'll need you there
We've got all this night to live, we got all this night to give
And we'll survive-we will survive with you here here here

It takes all of 40 bucks to get you in the 9th
Beers, bands and booty bumping with all your friends
Or just spend, oh, one twenty five -you'll be a VIP
We'll give you spuds, to go with your suds

We'll see you there, 'cause you're so cool
Beer Pong and Twister games will have you playin' fool
Say you feel like shakin to the beat of great tunes and bands
This'll be the greatest of the party in all the lands

Go on now go, costume yourself, just turn it out now
'Cause you're so welcome ever more
Yes we're the ones who want you dancin' in the aisles
Do you think we're lyin'? Do you think we'd kid you about this?

Oh no not us, we're not that weird
For as long as we know how to party we know
we'll need you there
We've got all this night to live, we got all
this night to give
And we'll survive-we will survive with you
here here here
