

**New York State Department of Health Office Health Emergency Preparedness (OHEP)
Continuity of Operations Planning (COOP) Informational Sessions
HPP Del #6 (2014-2015)**

Overview

These sessions were developed and will be presented in conjunction with hospital association partners: HealthCare Association of NYS (HANYS); Iroquois Healthcare Association; Northern Metropolitan Hospital Association (NORMET); Nassau-Suffolk Hospital Council (NSHC); Rochester Regional Healthcare Association; and Western New York Healthcare Association.

Goal

To provide key results from the Hospital COOP Survey and COOP implications of agency standards such as the Joint Commission Emergency Management standards. Considering results from COOP Survey, sessions will also stress hospital participation in discussions to help shape future programmatic activities for which hospitals will further refine and/or develop their COOP plans and related capabilities.

Hospitals are strongly encouraged to retrieve their COOP survey from the Health Commerce System and bring the survey to the session.

Target Audience

Hospital staff who are responsible for developing facility's COOP plan.

Registration

Click on <https://www.nylearnsph.com> and search Course Catalog for **OHEP-COOP-2015**.
