Click on WebRounds.

You will be brought to the following page, where you can choose a lecture from various clinical areas. Lecture series will continue to be added throughout the fall. Once the lecture series is available, a link will be present on this page. **Click on** the lecture series of interest to you (e.g. **Women's Health**).

WebRounds

WebRounds enables you to view live and archived Grand Rounds from selected clinical departments at the University of Rochester Medical Center.

In order to make this program available to you, we need you to register for your own personal user name and password to access the WebRounds system. This can be done prior to viewing your first presentation. If you are going to be viewing that presentation live, please log in a few minutes early to allow enough time to go through the registration process. You can also set up a personal user name and password without viewing a presentation.

Departments	Information
<ul style="list-style-type: none">• Neurology (Coming soon!)• Orthopedics (October 2006)• Pediatrics (Coming soon!)• Surgery (Coming soon!)• Women's Health	<ul style="list-style-type: none">• WebRounds Feedback Form• Download the User's Guide and Frequently Asked Questions• View demo presentation• View archived presentations

The archived presentations can be played continuously or paused to accommodate interruptions in your viewing. Category I CME credit for these programs is not currently available, however we anticipate adding that in the FALL of 2006.

Please note that this page also enables you to provide us feedback about the program and contains information on frequently asked questions.

You will then be taken to a page with a schedule for the current semester's WebRounds. The page will look like the screen shot below, with buttons along the side to guide you through various information about this department. To register a user name and password or to view a presentation, **Click on a presentation you wish to view.**

New User Registration
(for New NON URMCSH users)

Need a MediaSite Account? [Click here](#) to create one or register a new passkey.

URMC-SH User Login
(for All URMCSH/URMC-SH users)

If you are a user of **URMC-SH** (sometime called an AD user) [click here](#) to log in with your University user name and password.

Non URMCSH Login

If you have already registered above, you can login directly here:

Username:

Password:

Click on the **New User Registration** button if this is your first time to this site. If you are returning and have already registered for an individual user name and password, enter these along with your passkey at the bottom of the page and **Click Non-URMC SH Login**.

If you are a new user, the form below will appear. Enter your first and last name. When you click **yes** on the medical professional question, you will be taken to another form that will enable us to verify some information about you. WebRounds are only intended to be viewed by medical professionals. By providing this information to us, you are helping us to keep this material available for the intended audience. At the bottom of the form, you will be asked to enter a PassKey. This is different than your password, which you may select yourself.

Type your PassKey here

There is no cost to you

Please remember the email address you provided, which will become your user name, and the password you selected. These are unique to you and are required every time you login. It does not cost you anything to create an account.

If you encounter problems logging on, please call **(585) 784-7865 for support**. The following screen shot will load up after you have logged in and the presentation will automatically begin.

Please note that you can move through already recorded presentations by moving the round cursor under the speaker window or by clicking on Slide List and choosing the slide where you would like to continue your viewing. Volume can be changed with the button on the far right under the speaker window.

We hope you enjoy WebRounds!
