

**GSS Career Development
Seminar Series**

Have you ever wondered what reviewers look for in an NIH predoctoral and postdoctoral grant application?

Understanding Fellowship Review Criteria

Presented by

Dr. Constantine (Gus) Haidaris

Associate Professor

Department of Microbiology and Immunology

Dr. Haidaris will focus on what reviewers look for in an application and how you can make your application stand out from the others.

Thursday, Feb 23

4:00 to 5:00 pm

Adolph Auditorium (room 1-7619)
