
Strong Fertility Center Education Series

*Points That Count:
Improving Sperm Count and
Motility with
Acupuncture*

Presented by: Ethan Borg
NYS licensed Acupuncturist
Specializing in Fertility

**Saturday, March 6, 2010
10:00am**

**Strong Fertility Center
500 Red Creek Drive
Conference Room**

The background of the event information box features a close-up photograph of several acupuncture needles. The needles are thin and metallic, with their handles visible. They are arranged in a slightly overlapping manner, creating a sense of depth. The lighting is soft, highlighting the texture of the needles and the way they catch the light.
