

## Getting Started with the Student Portal and Online Learning

Login to <http://student.urmc.rochester.edu> with your URMC username and password once and get into

- Email
- Miner Library Online
- Academics - Medical Student data
- Online Learning System
- Local Recreation information

The My URMC tab contains modules that list all the courses and organizations you are enrolled in, and modules which aggregate discussion forums, announcements and calendar events from those courses or organizations.

### Organizations

- Financial Aid Bursar
- Med Class of 2009
- OME Student Services

[Browse Organization Catalog](#)

### Discussion Forums

Community Forums	Total	Unread	
<a href="#">New System Comments/Help</a>	15	15	

[more...](#)

Organizations contain information from various student services offices and student groups including OME Student Services, Financial Aid, your Class year and Student Senate. Each Organization may post Announcements, Calendar events and Discussion forums which will all display in aggregate in the Announcements, Calendar and Discussion Forum modules on your My URMC tab or you can access them from within the Organization. Please pay particular attention to Administrative Announcements from OME Student Services. There are many organizations and courses; you will see this aggregate information only for those in which you are participating.

### My Courses

Med School 2006-2007

Title	Role	
<a href="#">Human Structure and Function</a>	Student	
<a href="#">Introduction to Clinical Medicine</a>	Student	
<a href="#">Mastering Medical Information</a>	Student	

Online Learning – You will be automatically enrolled in Courses based on Student registration data. Your instructors will inform you about how they are using the online course presence and direct you to course activities.

You will be able to access the Miner Library Online databases and journals from on campus or at home with no additional need to login again by clicking on the Library tab. For more details on Library resources refer to MMI Training.

**Important: When you are finished using the system, always Logout of the Portal and close the web browser to protect your privacy and maintain the integrity of your data. If you don't, others will be able to see your grades, and control your email and personal information.**

Your Medical School profile, final grades, evaluations and class schedules are just a few of the items available through the Academics tab. Questions about your final course grades, course enrollments, or something else in the 'Academics' tab? Contact the Med School Registrar at 275-4541 or email [mdreg2@urmc.rochester.edu](mailto:mdreg2@urmc.rochester.edu).

Use My Tab for personalizable content. You can set your own RSS Feeds and URL Bookmarks. There are also a number of Recreation links which will orient you to the city of Rochester, events, activities and locations around town.

Two RSS news feeds have been set by default for you; you can choose from other pre-set RSS feeds or add your own. Use the "Change Feed" button. To add your own feed, look for the XML or RSS symbol at a web site of interest and copy the address.

Get to your email through the portal with the My Email tab. This interface uses Microsoft Outlook Web Access (OWA). Extensive help is available for using this web interface, so click the Help button inside of My Email to get started. OWA works best with Microsoft Internet Explorer on Windows.

If you wish to configure email client software (e.g., Eudora, Outlook Express) on your own computer, click the Library tab and select Computing in 'About Miner,' then click on Email Help.

**Quick Links**
