

# *MyChart*

We are pleased to offer

## *MyChart*

### *What is MyChart?*

MyChart is a secure, online tool that connects you to a portion of your University of Rochester Medical Center personalized health information from any computer at any time – day or night.

### *What can I do with MyChart?*

As a MyChart user, you can take an even more active role in managing your health care, including:

- Viewing your confidential medical information online:
  - See your health summary, current list of medications, immunizations, allergies and medical history.
  - Receive non-urgent test results as released by your provider. Oncology patients undergoing treatment often have lab values that fall outside the normal range. Please be assured your provider is monitoring your lab results. If you have questions about your results, print them out and bring them to your next appointment.
  - Review health education topics and instructions provided by your health care team.
- Staying in touch with your provider's office:
  - Manage your prescription renewals.
  - Request your next appointment.
  - View details of your past and upcoming appointments
- Accessing your family's medical records:
  - Link your family's accounts to yours for convenient access to appointments, immunization records and more.

UNIVERSITY of

MEDICAL CENTER

MEDICINE *of* THE HIGHEST ORDER

# MyChart

## Is MyChart safe to use?

MyChart is password-protected and delivered via an encrypted, secure connection, so your private health information is safe from unauthorized access.

## How do I register for MyChart?

After your visit, you will receive your login information so you can sign up and begin using MyChart.

## Do other departments within URMCM use MyChart?

Although every patient within the hospital has an electronic medical record, right now, only URMCM oncology patients will have access to MyChart. By Summer 2012, we plan to expand the use of MyChart to all URMCM outpatients.

Thanks for using MyChart.  
You have been logged out.

### Welcome To MyChart

- Communicate non-urgent questions or concerns with your healthcare team.
- Access your test results
- Request prescription renewals
- View your recent clinic visits
- Request Appointments

**Urgent Medical Matters**

Please do not use MyChart to send any messages requiring urgent attention. For urgent medical matters, contact your doctor's office.

**Your Secure Online Health Connection**

Your health is important to you around the clock—not just during office hours. That's why University of Rochester Medical Center offers MyChart. With this Internet connection to your health care provider's office, you can request appointments, request prescription refills, review your health history and more—online, any time!
