

<u>Time</u>	<u>Presenter/Topic</u>
8:30—8:50	Laura Rendano/Terry Fairbanks/ Frank Zwemer “Paper requisitions vs. computerized physician order entry for radiological studies in the ED”
8:50—9:10	CC Halloran/Frank Zwemer “The impact of law enforcement patrolling the emergency department: perceived and real changes in security”
9:10—9:30	Allison Ramler/Frank Zwemer “Comparison of ED admission conversion rates between utilization nurse screened admission and non-screened admissions”
9:30—9:50	Bryan Gargano/Matthew Spencer “A dose response study of ondansetron in ED patients with intractable nausea and vomiting”
9:50—10:10	Patrick Lynch/Matthew Spencer “Determinants of emergency medicine residents’ comfort with essential procedural skills”
10:10—10:30	Trina Barman/Matthew Spencer “Accuracy of medical records at recording complication information for procedural sedation—a pilot study”
10:30—10:50	Sunil Bansal/Elizabeth Edvardson “Medical inquiry for intimate partner violence as reported by women in a shelter”

- 10:50—11:10 **Matthew Recktenwald/Robbin Dick**
“How well can physicians predict length of hospital stay based on emergency department presentation?”
- 11:10—11:30 **Stuart Maxwell/Manish Shah**
“Evaluation of resident work and satisfaction with a change in ED resident shift schedule and signout procedure”

We would like to thank the faculty members who assisted our graduating seniors with their research projects:

Robbin Dick

Elizabeth Edvardsen

Terry Fairbanks

Manish Shah

Matthew Spencer

Frank Zwemer
