

Please Join the Department of Neurosurgery for  
The 4th Annual  
Leenhouts Family Endowed Lectureship  
*in Stroke Care & Recovery*

Friday, November 4, 2022, at 9:00 am

*“ICH, IVH, & the enthusiasm gap: A paradigm shift  
from nihilism to intervention”*

Location: Class of 62 Auditorium

## Babak S Jahromi, MD, PhD

*Professor & Chief, Cerebrovascular/Neurointerventional Surgery  
Vice Chair, Regional Neurosurgery, Northwestern Medicine*

Dr. Jahromi completed his medical training and Neurosurgery residency at the University of Toronto. During residency he studied cellular and molecular changes underlying cerebral vasospasm following subarachnoid hemorrhage, leading to a PhD from the University of Chicago. After two fellowships in neuroendovascular surgery (Miami & Buffalo) he was recruited to URM where he served as Surgical Director of our new Comprehensive Stroke Center and where he established a new Division of Cerebrovascular Diseases and Stroke in Neurosurgery. His pioneering efforts in neuro – endovascular and cerebrovascular surgery set the stage for many current successes which we celebrate today. In 2015 he was recruited to the Northwestern University Feinberg School of Medicine as Chief of Cerebrovascular & Neurointerventional Surgery and Vice Chair for Regional Neurosurgery. His clinical and research interests include imaging & intervention for stroke, surgical and endovascular treatment of extra/intracranial occlusive disease, carotid stenosis, cerebral aneurysms, AVM's, subarachnoid hemorrhage, trigeminal neuralgia and hemifacial spasm. Dr. Jahromi is the author or co – author of over 250 peer-reviewed papers, abstracts and book chapters.

## Arlene & Norman Leenhouts

Norman and Arlene Leenhouts established the Leenhouts Family Lecture to invite a world leader in the field of stroke care and recovery to engage with the University's Neuromedicine community in order to improve patient care in the Rochester area.
