Focus Area #1: Healthy Eating and Food Security

Goal #1: Increase Food Security
- Increase the percentage of adults with perceived food security (among all adults)

Goal #2: Reduce Obesity and the Risk of Chronic Diseases
- Decrease the percentage of children with obesity among public school students in Livingston County

Disparity: Low Socioeconomic Status

Objectives Through 2023

Interventions

Family of Measures
- Screen for food insecurity
- Facilitate and actively support referral

- Percent of eligible Livingston County residents participating in SNAP
- Percent of eligible Livingston County residents participating in WIC
- Number of health practices that screen for food insecurity and facilitate referrals to supportive services
- Minimum of 3 community partners adopt or enhance food insecurity screening and referral process

By December 2023, we will have completed...

Complete assessment regarding food insecurity screening and referral process among community partners

Implementation Partner: Community Based Organizations

Partner Role(s) and Resources
- Create and conduct an assessment regarding food insecurity screening (utilize Hunger Vital Signs food insecurity screening tool) and share local resources
- Promote and support screening of patients/clients by healthcare providers and community partners, facilitate referral and support active connection to WIC and/or SNAP
- Promote screening of older-adult populations for food insecurity, facilitate referral and support active connection to SNAP
- Link with local partners for resources to provide IT, systems and/or staff resources to help individuals and families access, connect, and enroll in appropriate nutrition and/or community programs to receive the benefits for which they are eligible

K-12 Schools

Partner Role(s) and Resources
- Local school to complete the School Health Index (SHI) and adopt or enhance policy practice - Champions
- Increasing the availability of healthier foods and beverages with assistance from GVHP/BWIL
- CCE RD and SNAP Educator to collaborate with local schools to provide healthy eating learning opportunities
- CCE to assess number of schools that implement CATCH

Livingston County Community Health Improvement Plan (CHIP) 2022-2024

Priority: Prevent Chronic Disease

Focus Area #1: Healthy Eating and Food Security

Goal #1: Increase Food Security
- Increase the percentage of adults with perceived food security (among all adults)
