In 2004, Erika Wexler '09, now a child neurology attending at Strong Memorial Hospital, organized a group to sing for hospitalized children during the holiday season. This became an annual tradition, and with increasing interest and performance requests, On Call became the University of Rochester School of Medicine and Dentistry's official acappella group.

On Call provides a means for medical students who love singing to connect with each other and the community through performing at events like the arts and crafts sale organized for Bethany House. We truly enjoy supporting our school by performing at alumni receptions and for various departments at both Strong Memorial and Highland Hospitals. We hope to continue enriching the community of the University of Rochester Medical Center and Rochester with our love of music and performance.
