

## Biological Supply Center – University of Rochester Medical Center

### Featured “RNA” Products

<p><b>EnGen® products to simplify your genome editing experiments:</b></p> <ul style="list-style-type: none"><li>• Programmable Cas9 nucleases</li><li>• EnGen Mutation Detection Kit</li><li>• EnGen sgRNA Synthesis Kit</li></ul> <p>Learn more at <a href="http://www.neb.com/GenomeEditing">www.neb.com/GenomeEditing</a></p>	<p><b>HiScribe™ T7 Quick High Yield RNA Synthesis</b></p> <p>The HiScribe™ T7 Quick High Yield RNA Synthesis Kit is designed for generation of RNA <i>in vitro</i>.</p> <ul style="list-style-type: none"><li>• Large amounts of <i>in vitro</i></li><li>• Quick and convenient set-up</li><li>• Capped or labeled RNA production available</li><li>• RNA can be used for many downstream applications</li></ul> <p><a href="http://www.neb.com/E2050">www.neb.com/E2050</a></p>
<p><b>NEBNext® Ultra II RNA Library Prep Kits</b></p> <ul style="list-style-type: none"><li>• Generate high yield, high-quality libraries even with limited inputs: (5 ng - 1 µg of total RNA)</li><li>• Increase library complexity and transcript coverage</li><li>• Save time with streamlined workflows and automation compatibility</li><li>• Rely on robust performance, even with low quality RNA, including FFPE</li></ul> <p><a href="http://UltraII.RNA.com">UltraII.RNA.com</a></p>	<p><b>NEBNext® rRNA Depletion Kit (Human/Mouse/Rat)</b></p> <p>Efficient removal of rRNA from total RNA.</p> <ul style="list-style-type: none"><li>• Works well for both low-quality, degraded RNA (including FFPE-treated DNA) and high-quality intact RNA</li><li>• Use with a broad range of input amounts</li><li>• Complete in less than two hours</li></ul> <p><a href="http://www.neb.com/E6310">www.neb.com/E6310</a></p>

**Purchase any of the above products...**

**And, receive either Monarch® Total RNA Miniprep Kit or Monarch® RNA Cleanup Kits for FREE!**

**Choices Include:**

**Monarch<sup>®</sup> Total RNA Miniprep Kit: T2010S**

**Monarch<sup>®</sup> RNA Cleanup T2030S (10 ug), T2040S (50 ug) or  
T2050S (500 ug)**
