

# 27th Annual Wilmot Cancer Institute Scientific Symposium Program

Thursday, November 3rd, 2022

8:00 am – 4:15 pm

The 27<sup>th</sup> Annual Wilmot Cancer Institute Scientific Symposium will feature plenary and trainee presentations from each of Wilmot's research programs, presentation of the 2022 Davey Award, and a keynote presentation from Jeffrey Rathmell, Ph.D. (Vanderbilt University). The poster session will be held during lunch; posters will be available to view in the Flaum Atrium. Please see the full program below for presentation times and details.

Time	Presenter and Presentation Title
8:00 am	Symposium Registration Opens – Continental Breakfast Available
9:00 am	<b>Welcome and Introduction:</b> Hucky Land, PhD
<b>Genetics, Epigenetics, and Metabolism Program</b>	
9:05 am	<b>Plenary Talk:</b> Eric Wagner, PhD, Biochemistry & Biophysics “Alternative Polyadenylation in Cancer: Biology, Technology, and Therapeutics”
9:30 am	<b>Short Presentation:</b> Marco Zocchi, BGG PhD program “The Impact of extracellular glutathione catabolism on cancer cell survival.”
<b>Cancer Microenvironment Program</b>	
9:45 am	<b>Plenary Talk:</b> Shu-Chi Yeh, PhD, Orthopedics - CMSR “Live-animal Multiphoton Imaging of the Blood Stem Cell Niche”
10:10 am	<b>Short Presentation:</b> Tara Vrooman, IMV PhD program “A Combinatorial Approach to Provide Long-lasting Immunity Against Pancreatic Tumor Recurrence”
<b>10:25 am: Morning Break</b>	
<b>Cancer Prevention and Control Program</b>	
10:55 am	<b>Plenary Talk:</b> Annalynn Williams, PhD, Surgery – Cancer Control “Physiologic, Biologic, and Cognitive Aging in Survivors of Childhood and Adolescent Cancer”
11:20 am	<b>Short Presentation:</b> Mostafa Mohamed, MBBCh, Epidemiology PhD program “Understanding Chemotherapy Dosing in Older Adults with Advanced Cancer”
<b>Community Outreach and Engagement</b>	
11:35 am	<b>Plenary Talk:</b> Francisco Cartujano Barrera MD, Public Health Sciences “Addressing Tobacco-related Disparities via Community-based Participatory Research”
<b>Davey Award Presentation</b>	
12:00 noon	<b>2022 Davey Award Lecture:</b> Paula Vertino, PhD, Biomedical Genetics
<b>1:00 pm: Lunch and Poster Session</b>	
<b>Keynote Presentation</b>	
3:00 pm	<b>Keynote Introduction:</b> Brian Altman, PhD
3:05 pm	<b>Keynote Speaker:</b> Jeffrey Rathmell, PhD (Vanderbilt University) “Immunometabolism in Inflammation and the Obesity-Cancer Connection”
<b>Poster Prize Presentation</b>	
4:00 pm	Two winners will be selected for each research category and a fan favorite.
4:15 pm	Symposium Concludes
