New This Month – April Curriculum

Obstetrics Topic – Labor focusing on:

- Shoulder Dystocia
- Nitrous Oxide Analgesia in Labor

Women's Health Topic: Adolescent Contraception

Video Topic: Proteinuria and Preeclampsia

Clinical Quandary: Why use quantitative blood loss instead of estimated blood loss?

A PAUSE for menopause: I have been a care provider for many years, but I find moments when my patients are angry at me, even though I may not have done anything to justify their reaction. Can you help me to understand clinical anger?

Grand Rounds Web-lecture: Early Postpartum Initiation of Progesterone Contraception
