

February 2018

MONTHLY FEATURE

NATIONAL

HEART MONTH

February

In support of National Heart Month, we are giving away a FREE Course! Purchase the *Adult Congenital Heart Disease & Pregnancy* course and receive the *Detecting Heart Disease in the Newborn* course FREE!

**WITH Fetal
Monitoring**

Choose if you want Fetal Monitoring questions with your courses to begin:

**WITHOUT Fetal
Monitoring**

Your FREE course will automatically be added to your transcript!

Offer valid now through 2/28/2018 11:59 PM ET with purchase of item 16009S or 16010S only. Customer will receive 16011S or 16012S FREE. Not valid with any other promotion or discount. Please allow up to 2 business days for free course to be added and (new customers) for your account to be created.

WHAT'S NEW

COMING SOON! All certificates earned on our courses will automatically be emailed to you! Every participant will now have access to any certificate on your transcript and in your inbox! Another way periFACTS[®] is making continuing education better! STAY TUNED!
