## Our February newsletter is dedicated to **OB/GYN & NICU Updates**

Our newsletter format will feature important industry news, periFACTS® programs and books, and a sneak peek to what's new this month for our monthly subscribers!

### In The News

#### [Georgia Hospital Connects Families to NICU Babies with App](#)

During a time of limited visitation, app provides updates to families. Hospitals around the country are limiting visitors, especially in neonatal intensive care units, but a new app at Beverly Knight Olson Children's Hospital is helping families stay connected with their newborn babies. WMAZ-TV, Macon, GA(1/2021)

#### [Study: Telemedicine Reduces Costs, Improves Neonatal Care](#)

Telehealth in neonatology is a rapidly expanding modality for providing care to neonatal patient populations. In this review, we describe the most recent published innovations in neonatal telehealth, spanning the neonatal ICU (NICU), community/rural hospitals, and the patient's home.

DocWire News (1/2021)

#### [COVID-19 Ups Complication Risks During Childbirth](#)

Women who have COVID-19 during childbirth are more likely to face complications than moms-to-be without the coronavirus, researchers say.

HealthDay (1/2021)
