Our July Newsletter is dedicated to Pregnancy

Our newsletter format will feature important industry news, periFACTS® programs and books, and a sneak peek into what's new this month for our monthly subscribers!

In The News

[Maternal Anxiety Tied to Cognitive Effects in Offspring](#)

Functional MRI (fMRI) shows that prenatal maternal anxiety has a long-term negative impact on the children of women with the condition, persisting into adulthood, European researchers have found.

Aunt Minnie (Free Registration) (7/2023)

[Gestational diabetes greatly increases risk for developing future incident diabetes](#)

Women who have gestational diabetes during pregnancy have a more than 11 times higher risk for developing diabetes than women who did not have gestational diabetes, according to a study published in Diabetes Care.

Healio (7/2023)

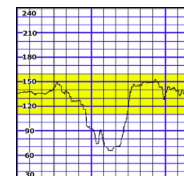

[Maternal Deaths Continue to Rise in the US](#)

The number of U.S. women who died within a year after pregnancy more than doubled between 1999 and 2019, with the highest deaths among Black women, researchers said on Monday.
