

Current. Comprehensive. Continuing Education Online.

Our May newsletter is dedicated to **Vaccine Updates**

Our newsletter format will feature important industry news, periFACTS® programs and books, and a sneak peek to what's new this month for our monthly subscribers!

In The News

[Covid-19 vaccines do not appear to pose serious risk during pregnancy, research shows](#)

The mRNA Covid-19 vaccines made by Pfizer/BioNTech and Moderna do not appear to pose any serious risk during pregnancy, according to new data published Wednesday in the *New England Journal of Medicine*.

CNN Health (4/2021)

[Vaccines reduce Covid-19 hospitalization risk by 94% among older adults, CDC study says](#)

The Pfizer/BioNTech and Moderna Covid-19 vaccines were found in the real world to be 94% effective against Covid-19 hospitalization among fully vaccinated adults ages 65 and older in the United States, according to a new US Centers for Disease Control and Prevention study.

CNN Health (4/2021)

[U.S. resistance to getting a COVID-19 vaccine is slowly diminishing](#)

U.S. resistance to getting a COVID-19 vaccine is slowly diminishing, a new online survey finds, but it still exists and at especially high rates in some blue-collar jobs.
