

Current. Comprehensive. Continuing Education Online.

Our November newsletter is dedicated to **COVID-19 & Pregnancy Updates**

Our newsletter format will feature important industry news, periFACTS® programs and books, and a sneak peek to what's new this month for our monthly subscribers!

In The News

[COVID Vaccination Does Not Raise Odds of Miscarriage](#)

COVID-19 vaccines don't increase the risk of miscarriage in early pregnancy, according to a study that adds to previous research showing the vaccines are safe for pregnant women.
HealthDay (10/2021)

[COVID-19 Vaccine Safe for Fertility, Pregnancy](#)

COVID-19 vaccination did not impair fertility, early pregnancy outcomes or sperm quality, according to findings from three studies presented at the American Society for Reproductive Medicine Scientific Congress & Expo.
Healio (Free Registration) (10/2021)

[CDC: Pregnant Women need the Covid-19 Vaccines](#)

The Centers for Disease Control and Prevention on Wednesday issued its strongest guidance to date urging pregnant women to be vaccinated against Covid-19.
NBC News (9/2021)

[COVID-19 Vaccine Does Not Increase Risk for Non-COVID-19 Mortality](#)

COVID-19 vaccine recipients do not have an increased risk for non-COVID-19 mortality, according to research published in the Oct. 22 early-release issue of the U.S. Centers for Disease Control and Prevention Morbidity and Mortality Weekly Report.
HealthDay (10/2021)
