

Current. Comprehensive. Continuing Education Online.

Our November newsletter is dedicated to National Education Month

Our NEW newsletter format will feature important industry news, periFACTS® programs and books, and a sneak peek to what's new this month for our monthly subscribers!

In The News

[The Power of Peer Interaction](#)

New study shows student learning suffered during the switch to remote instruction last spring, but that small group activities helped reduce this loss.

Inside Higher Ed (11/2020)

[How to Keep Climbing the Ladder While You Work From Home](#)

Plenty of offices will be empty until well into 2021, so there's no time like the present to seek feedback from the boss and brush up on your skills.

New York Times (11/2020)

[Five Ways to Work Better From Home](#)

Months after the pandemic emptied out offices, few employees have nailed the art of working remotely. Here are strategies for upping your WFH game.

Wall Street Journal (10/2020)

Store Feature

**It's more important than ever to have online access
to continuing education for Obstetrics and
Women's Health Care Providers.**

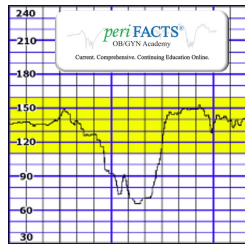

PeriFACTS has you covered!

Our **Essentials of Inpatient Obstetric Nursing Care** program is ideal for both new and experienced nursing professionals to introduce and reinforce the essentials of inpatient obstetric care. The program is designed to orient nurses to the perinatal unit and provide the most current and comprehensive education for more experienced staff, allowing educators to reinforce knowledge and establish consistent care across the unit. The program will help reduce risk and errors, increase efficiency and patient care, reinforce and document staff competency, and grow the knowledge and skills of the nurses in your unit. The Essentials of Inpatient Obstetric Nursing Care program is eligible for 50 CNE Contact Hours. Learn more about [GROUP](#) and [INDIVIDUAL](#)

access options.

The **Essentials of Newborn Care** program was developed for both new and experienced providers to understand the essentials of newborn care and complications. Our online program is ideal for annual staff education for Newborn Care Providers and Postpartum units. The Essentials of Newborn Care 2.0 program is eligible for CNE Contact Hours. Learn more about [GROUP](#) and [INDIVIDUAL](#) access options.

Using NICHD nomenclature, the **Essentials of Fetal Monitoring** program quickly and effectively teaches and reinforces obstetric care providers the essentials of fetal heart rate monitoring interpretation and fetal physiology. Our online program is ideal for annual staff education and is an online option to supplement professional education in preparation for EFM-certificate exam. The Essentials of Fetal Monitoring program is also available for 20 CNE Contact Hours and 20 CME Credit for license, certificate and certification maintenance. Learn more about [GROUP](#) and [INDIVIDUAL](#) access options.

The **Essentials of Pain Management** series is designed for all Women's Health Care providers as an overview of the fundamentals of pain medicine, in addition to identifying best practices and practical approaches to the treatment of common pain disorders and clinical situations in women's health. The Essentials of Pain Management nine-course series addresses the need for continuing education for clinicians treating women with pain and is designed to advance patient outcomes by improving the assessment, treatment, and management of patients with various pain disorders in women's health. The Essentials of Pain Management series is eligible for 26.25 CNE Contact Hours, including 22.5 Pharmacology Contact Hours. Learn more about [GROUP](#) and [INDIVIDUAL](#) access options.

PAIN MANAGEMENT

Our **Fetal Heart Rate Monitoring Textbook Post Test** is designed for individual clinicians who want to expand and reinforce their fetal heart rate monitoring knowledge. The online post test is ideal for both new and experienced perinatal clinicians who are looking for basic and advanced Fetal Heart Rate Monitoring education. The online post test includes access for one-year to the 15 chapter post test for one person and the ability to earn 28 CNE Contact Hours, including 25.95 EFM Contact Hours. [LEARN MORE](#)
