

Current. Comprehensive. Continuing Education Online.

Our October newsletter is dedicated to **Breast Cancer Awareness Month**

Our NEW newsletter format will feature important industry news, periFACTS® programs and books, and a sneak peek to what's new this month for our monthly subscribers!

In The News

[Predictive Analytics Detects Breast Cancer Spread with 90% Accuracy](#)

A new diagnostic approach uses predictive analytics to accurately identify which forms of breast cancer are likely to spread and recur after surgery.

Health IT Analytics (09/2020)

[More Evidence of Interval Breast Cancers' Aggressive Nature](#)

Women diagnosed with interval breast cancers -- those detected between routine screenings -- had a higher risk for aggressive disease and death, a retrospective study in Canada indicated.

MedPage Today (09/2020)

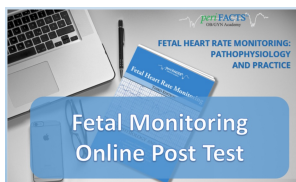

[Risks Seen With Continued Opioid Use in Older Breast Cancer Survivors](#)

Older breast cancer survivors with current opioid exposure, especially high-dose opioid exposure, on a given day in the year after active breast cancer treatment had increased risks of a broad range of adverse events compared with days without opioid exposure, according to a retrospective study.

MedPage Today (08/2020)

Store Feature

Save 25% on our Fetal Monitoring Textbook Online Post Test **THIS MONTH ONLY!**

The Fetal Heart Rate Monitoring: Pathophysiology and Practice Textbook 3rd Edition is updated to include the most current information on maternal and fetal physiology using NICHD nomenclature in the interpretation of fetal assessment and electronic fetal monitoring (EFM).

Our Fetal Heart Rate Monitoring Textbook Post Test is designed for individual Clinicians who want to develop and reinforce their knowledge and for Educators to document staff proficiency.

The post test is ideal for both new and experienced perinatal clinicians looking for basic and advanced Fetal Heart Rate Monitoring education.

The online post test is separated by chapter, includes multiple attempts, and saves your progress allowing you to complete the program at your convenience over the course of one year. your certificates are available immediately upon successful completion of each chapter.

Our Post Test is eligible for a total of 28.0 CNE contact hours, including 25.95 EFM contact hours.

Reg. price: \$75 per person. SALE PRICE: \$55 per person. SAVE \$20!

LEARN MORE

New This Month - October Curriculum

Obstetrics Topic - **Cancer in Pregnancy** focusing on:

- **Malignant Melanoma in Pregnancy**
- **Cervical Cancer and Pregnancy**

Women's Health Topic: **The Debate over Ovarian Cancer and Talc Use for Hygiene**

Video Topic: **Social Determinants of Adverse Pregnancy Outcomes**

Clinical Quandary Topic: **What is the significance of a "subtle," late fetal heart rate (FHR) deceleration? In other words, a late FHR deceleration that does not meet the criteria of "onset to nadir is equal to or greater than 30 seconds," but is late in appearance?**

A PAUSE for menoPAUSE: **I am 55 years old. My doctor tells me I have osteopenia. But I am also shrinking in height and now have pain in my buttocks and legs. Are these changes due to menopause or just my age?**

Grand Rounds Web-lecture: **Our Shared Path to Wellness**
