

Current. Comprehensive. Continuing Education Online.

## Our October newsletter is dedicated to **Cancer**

Our newsletter format will feature important industry news, periFACTS<sup>®</sup> programs and books, and a sneak peek to what's new this month for our monthly subscribers!

---

### In The News

#### [Breast MRI may indicate Preoperative Chemo Success](#)

Performing baseline breast MRI scans in women with inflammatory breast cancer can help clinicians gauge the success of preoperative chemotherapy, which if it is successful, improves mastectomy outcomes, according to a study published September 21 in Academic Radiology. Aunt Minnie (Free Registration) (9/2021)

#### [Report tracks Cancer Rates among Hispanic Adults](#)

Hispanic adults had lower rates of overall cancer incidence between 2014 and 2018, but higher rates of liver and stomach cancers compared with whites, according to study. Healio (Free Registration) (9/2021)

#### [New WHO Air Quality Guidelines Aim to Guard against Disease, Cancer](#)

The new guidelines aim to protect people from air pollutants, including those that contribute to climate change, according to a steering group led by WHO's European Centre for Environment and Health. Healio (Free Registration) (9/2021)
