What if I'm worried about my child's development?

Step 1
Discuss your concerns with your child's PCP.

Step 2
Is your child at least 3 years old?

Yes
Request an evaluation for school-based services.

No
Contact Early Intervention (EI) for your county.

Step 3
Review the evaluation results with your child's PCP.

Step 4
Begin our intake process!

If appropriate, your child's PCP will refer you to us.

Contact your school district's committee on special education.

A primary diagnosis of ADHD, anxiety, depression, and learning disability is best served by other professionals.

Please consult with your primary care provider (PCP).
