Tracking a Pandemic: Collaboration and Data Sharing are Key

Join us for this talk exploring our regional response to the COVID-19 pandemic on the Center for Community Health & Prevention's [Facebook page](#). Find out how agencies are using data and working together to monitor and prevent COVID-19 infections.

Date: Thursday, October 21

Time: Anytime after 11 a.m.

Presenter: Christina Felsen, M.P.H., Communicable Diseases Surveillance & Prevention Program Manager, Center for Community Health & Prevention
