What are competencies?

- Competencies can be defined as a set of skills, knowledge, dispositions and abilities to succeed and thrive in your profession.
Competencies for CRP’s

- Scientific Concepts & Research Design
- Ethical & Participant Safety Considerations
- Medicines Development & Regulation
- Clinical Trial Operations (GCP’s)
- Study & Site Management
- Data Management & Informatics
- Leadership & Professionalism
- Communication & Teamwork
Why are they important?

• Competency attainment in DIAMOND is documentation of your applied skills, knowledge and abilities within the 8 domains for Clinical Research Professionals.

• You can demonstrate your competency attainment through evidence-based documentation mapped to the 8 competencies in your e-Portfolio.
