

Dates:	Trainees:	Degree:	Training Level	Project Title	Current Position:
1994-96	Urs Armet	Ph.D.	Post-Graduate	Hypoxic regulation of eNOS	Product Manager, Merck. A.G. Switzerland
1995-96	Jean Wu	M.D.	Medical Student	Nitric oxide inhibition of Coxsackievirus	Instructor, Johns Hopkins University School of Medicine
1995-96	Paris Spanolios	M.D. Ph.D.	Medical Student	Nitric oxide regulation of viral replication	Private Practice
1996-99	Edward Ratovitski	Ph.D.	Assistant Professor	Novel iNOS interactors	Associate Professor, Johns Hopkins University School of Medicine
1996-98	Carlos Zaragoza	Ph.D.	Post-Graduate	Nitric oxide inhibition of viral replication	Research Scientist, CNIC, Madrid, Spain
1996-98	Marta Saura	Ph.D.	Post-Graduate	Nitric oxide inhibition of viral protease	Assistnat Professor, University Alcahala, Spain
1996-99	John Bellan	M.D. Ph.D.	Post-Graduate	Oxygen radicals in stroke	Private Practice
1996-99	Neil Rothstein	M.D. Ph.D.	Post-Graduate	Chlamydia and atherosclerosis	Assistant Professor, VAH, Einstein University,
1996-02	Richard Quick	B.S.	Technician	Gene therapy with iNOS	Medical Student, Howard University
1996-97	Christopher Ocampo	M.D. Ph.D.	Technician	Nitric oxide inhibition of viral replication	Medical Student, Stony Brook University
1997-99	Ramona Gelzer-Bell	M.D.	Post-Graduate	Nitric oxide and transplantation	Private Practice
1997-98	Maureen Horton	M.D.	Post-Graduate	Hyaluronic acid gene regulation	Assistant Professor, Johns Hopkins University School of Medicine
1997-09	Clare Bao	B.S.	Research Associate	Regulation of iNOS	Research Associate, Lowenstein Lab, The Johns Hopkins University School of Medicine
1998-99	Henry S. Sun	B.S.	Medical Student	Nitric oxide and poliovirus	Cardiology Fellow, Johns Hopkins
1998-98	Susana Lopez-Ongil	B.S.	Graduate	Superoxide regulation of endothelin	Post-Doc., University of Henares
1999-00	Drory Tendler	M.D.	Post-Graduate	Hypoxic regulation of iNOS	Private Practice
1999-01	Shui-Xiang Yang	M.D.	Post-Graduate	Rac1 regulation of exocytosis	Professor, Tsinghua University, China
1999-01	Tomokazu Ohnishi	D.D.S.	Post-Graduate	Peroxynitrite inhibition of poliovirus	Associate Professor, Kagoshima University, Japan
2000-06	Wangsen Cao	M.D. Ph.D.	Assistant Professor	Acetylation and MAPK signaling	Assistant Professor, Johns Hopkins University School of Medicine
2002-04	Kenji Matsushita	D.D.S.	Post-Graduate	Nitric oxide regulation of endothelial exocytosis	Department Head, National Center for Gerontology, Japan
2002-04	Craig Morrell	D.V.M.	Graduate	Nitric oxide inhibition of platelet exocytosis	Assistant Professor, University of Rochester Medical Center
2003-03	Rinky Bhatia	M.D.	Medical Resident	Ceramide activation of endothelial exocytosis	Cardiology Fellow, Massachusetts General Hospital
2002-04	Elizaveta Padalko	M.D.	Post-Graduate	Peroxynitrite and Coxsackievirus	Faculty, University of Leuven, Belgium
2002-	Munekazu Yamakuchi	D.D.S.	Post-Graduate	Endothelial micro-RNA regulation	Assistant Professor, University of Rochester Medical Center
2004-06	Marcella Ferlito	Ph.D.	Research Associate	Nitric oxide and cytotoxic T-cells	Research Associate, Department of Medicine, The Johns Hopkins University School of Medicine
2005-06	Hiromasa Tsuda	Ph.D.	Post-Graduate	Anti-oxidants and exocytosis	Assistant Professor, Nihon University, Tokyo, Japan
2005-07	Pierce Park	M.D.	Post-Graduate	Ischemia-reperfusion and exocytosis	Liver Fellow, University of Nebraska
2005-06	Craig Fletcher	D.V.M.	Post-Graduate	Chemokines and endothelial inflammation	Associate Professor, University of North Carolina
2005-008	Tamia Harris	B.A.	MD. Ph.D. Student	Micro-RNA Regulation of Vascular Inflammation	Lowenstein Laboratory, The Johns Hopkins University School of Medicine
2006-09	Youngtae Jeong	M.D.	MD. Ph.D. Student	Acetylation and MAPK signaling	Post-Doctoral Fellow, Stanford University
2007-09	Sudip Saha	B.A.	Medical Student	Erythropoietin and Exocytosis	Medical Resident, The Johns Hopkins University School of Medicine
2006-07	L. Christy Turtzo	M.D.	Post-Graduate	Endothelial cells of the blood brain barrier	Instructor, University of Connecticut, CT
2007-2008	Takashi Ito	M.D.	Post-Graduate	Nitric oxide and exocytosis	Assistant Professor, Kagoshima University, Japan
2009-	Shusuke Yagi	M.D. Ph.D.	Post-Graduate	MicroRNA and Platelets	Lowenstein Laboratory, University of Rochester Medical Center
2010-11	Vijay Vanchinathan	B.S.	Medical Student	Platelet stimulation of exocytosis	Lowenstein Laboratory, University of Rochester Medical Center
2010-2011	Amit Dhamoon	M.D. Ph.D.	Post-Graduate	Hormonal regulation of exocytosis	Private Practice
2011-	Brendan O'Brien	M.D.	Post-Graduate	MicroRNA in head and neck squamous cell cancer	Lowenstein Laboratory, University of Rochester Medical Center
