Lecture
Rehabilitation of the Atrophic Maxilla: Simplification from Complex Graft Reconstruction and Zygomatic Implants to All-on-4 and Flapless Computer-Guided Implant Surgery

Date and Location
Saturday October 26th, 2019
Farash Auditorium, 625 Elmwood Ave,14620

Course Objectives
Present the journey to simplify the atrophic maxilla rehabilitation, from the long-lasting complex autogenous grafts reconstructions and zygomatic implants under general anesthesia to ambulatorial immediate loading over 4 conventional implants and Flapless Computer-Guided Implant Surgery. Based on a solid literature review, those techniques will be described with focus on a correlation between the different levels of maxillae atrophies and these techniques indications. Criteria as risks, morbidity, predictability, treatment time, costs, scientific evidence and patient’s satisfaction will be considered. A step-by-step of the All-on-4 technique will be presented with also a live demonstration on models of the Straumann Computer-Guided Implant Surgery.

Registration Fees
- EIOH Residents and Students $25
- Members of RHDA $30
- Faculty and Staff $40
- NON EIOH - Dentist $50
