

# 3rd Annual Hispanic Conference

## Planning and Placement of Prosthetic Guided Implants in the Anterior Segment

*From the Surgical Guide to Implant Loading*

Saturday September 8, 2018

Simultaneous Translation to English will be provided

**Special Thanks to:**

Dr. Eli Eliav, DMD PhD  
Dr. Hans Malmström, DDS

Farash Auditorium  
Eastman Institute for Oral Health 625  
Elmwood Ave, 14620

### Meet the Speaker:

#### DR. JORGE HERNÁN LÓPEZ

Doctor in Dental Science - Javeriana University - Colombia Specialist in Oral Rehabilitation - CIEO Foundation, Colombia Technical training: Cusp Dental Research New York - Ceramco Institute Philadelphia - International Center for Dental Education - Ivoclar-Vivadent - Liechtenstein

Technical training in ceramic systems

Clinical prosthetic training - Various Oseo-integrated implant systems  
Clinical consultant and technician - Ivoclar-Vivadent - 3i Biomet - Coltene and Fuji GC among others -

Technical and scientific Director Dentech, Oral Bioengineering - Post-graduate Professor Colombian National University - Javeriana University - El Bosque University - International Speaker and instructor - Independent exclusive practice of Oral Rehabilitation, Implant.

### COURSE OBJECTIVES

At the end of this course the dentist will learn how important it is to determine the type of periodontium and the buccal bone volume to have a predictable esthetic result for implant restorations. After a magisterial presentation and a live demonstration over models the participants will be able to analyze if the position of the implant and its diameter have the same relevance, if the temporal crown design and its relation with the soft tissues is the key for successful result of the emergence profile and the peri-implant tissues architecture.

### SCHEDULE

8:00-8:30am - Course Registration  
8:30-10:30am - Presentation of scientific evidence for prosthetic design, surgical guide and temporal restoration  
10:30-11:00am - Coffee Break  
11:00-1:00pm - Presentation of 20 year follow up clinical cases, key steps to insure implant success.  
1:00-2:00pm - Lunch  
2:00-4:00pm - Live demonstration on models for soft tissue bone mapping, surgical guide fabrication and implant supported temporary crown design  
4:00-6:00pm - Cocktail Hour

### REGISTRATION FEES

Residents & Students	\$ 20
Members of RDHA	\$ 30
Faculty and Staff	\$ 40
Licensed Dentists	\$ 50

### COURSE CREDITS

*Continuing Dental Education Credits: 6*

The Eastman Institute for Oral Health has been designated as an approved sponsor by the New York State Constituent of the Academy of General Dentistry and the ADA. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.
