Graduate Women in Science (GWIS) Spring 2022

To be held the third Thursday of each month from 3 p.m. – 4 p.m. unless otherwise noted. Seminars may be virtual, in-person, or hybrid. Please join the GWIS listserv for full details on each meeting.

*SPECIAL DATE*
February 3, 2022
VIRTUAL
Adrienne L. Morgan, PhD
Vice President for Equity and Inclusion, University of Rochester Medical Center; Senior Associate Dean for Equity and Inclusion, School of Medicine and Dentistry; Associate Professor, Division of Medical Humanities and Bioethics; Associate Professor, Warner School of Education, University of Rochester, Rochester, NY

“Equity and anti-racism—plan in action”
Host: Dr. Lynne Maquat

Register for Virtual Seminar

February 17, 2022
HYBRID
Bil Clemons, PhD
Arthur and Marian Hanisch Memorial Professor of Biochemistry, Division of Chemistry and Chemical Engineering, California Institute of Technology, Pasadena, CA

“Who is paying the cost for diversity?”
Hosts: Dr. Lynne Maquat and Dr. Clara Kielkopf

Register for Hybrid Seminar

Dr. Bil Clemons will also be presenting a seminar in the Department of Biochemistry & Biophysics seminar series on Wednesday, February 16th titled “A detailed look at tail-anchored membrane protein targeting – from opisthokonts to protists to plants” at 2 p.m. in the Class of ’62 (G-9425) and via zoom.

March 17, 2022
HYBRID
Eva Nogales, PhD
Professor; Howard Hughes Medical Institute Investigator; Department of Biochemistry and Molecular Biology, University of California, Berkeley, CA

“Across disciplines and continents or the art of being in the right place at the right time”
Host: Dr. Lynne Maquat (Co-sponsored by Graduate Student NIH T32 Retreat in Cellular, Biochemical and Molecular Sciences)

Register for Hybrid Seminar

Dr. Eva Nogales will also be presenting as a keynote speaker for the Graduate Student NIH T32 Retreat in Cellular, Biochemical and Molecular Sciences on Wednesday, March 16th titled “Visualization of macromolecular structure, dynamics and interactions in the regulation of human gene expression” at 2 p.m. in the Class of ’62 (G-9425) and via zoom.

April 21, 2022
HYBRID
Joe Palca, PhD
Science Correspondent, NPR

“Academic science is just one path to success...I didn't do so badly”
Host: Dr. Lynne Maquat

Register for Hybrid Seminar

Dr. Joe Palca will also be presenting a general talk on the same day (April 21st) titled “Science communication during a pandemic: unique challenges” at 1 p.m. in the Class of ’62 (G-9425) and via zoom.

May 5, 2022
HYBRID
Karen Adelman, PhD
Professor, Department of Biological Chemistry and Molecular Pharmacology, Harvard Medical School; Associate Member, Broad Institute, Boston, MA

“The scenic route: my indirect path towards life in science”
Hosts: Dr. Lynne Maquat and Dr. Xavier Rambout

Register for Hybrid Seminar

Dr. Karen Adelman will also be presenting a seminar in the Department of Biochemistry & Biophysics seminar series on Wednesday, May 4th titled “Controlling transcription of coding and non-coding RNAs” at 2 p.m. in K307 (3-6408) and via zoom.
