

Postdoctoral Research Positions Available

University of Rochester School of Medicine and Dentistry
Aab Cardiovascular Research Institute
Rochester, New York, USA

[Dr. Zheng-gen Jin's Lab](#)

Two NIH-funded postdoctoral positions are available at Aab Cardiovascular Research Institute, University of Rochester Medical Center, Rochester, New York, USA. The research projects are focused on exploring the pathophysiology and pharmacology of metabolic syndrome- and age-related cardiovascular diseases using cultured cell system and gene knockout mouse models. Strong candidates with expertise in cellular and molecular biology, diabetes/obesity, aging, or cardiovascular biology, and with some experience in animal work are encouraged to apply. Please send curriculum vitae, a brief description of research interests, and the names of three references to:
