ALEXANDER LEVITAN '63M (MD) HAS HAD A LIFELONG DEVOTION TO MEDICINE AND TO THE PEOPLE OF THE WORLD.

Dr. Alexander Levitan, MD, a retired internist and oncologist, and his wife Lucy Levitan, established the Levitan family endowed scholarship at URM in honor of his father Dr. Sacha Levitan. It is Dr. Levitan's desire to encourage a global lens and holistic thinking that students with a different cultural and ethnic upbringing add to the learning environment. This scholarship honors diversity and is committed to helping those with significant financial need to find a future in medicine through the art of healing in the Rochester tradition of excellence.
