Research and Academic News

FEBRUARY 2018

Congratulations!

Jeff Bazarian was selected by the Department of Defense and the Defense and Veterans Brain Injury Center (DVBIC) to receive the Deborah Warden Lectureship. The Deborah Warden Lectureship was established in 2007 to acknowledge medical and scientific leaders in the field of traumatic brain injury (TBI) whose neuroscience research advances TBI knowledge, care and treatment. The award pays tribute to Dr. Warden's six years of service as DVBIC's national director.

Nicole Acquisto has been appointed by the American College of Critical Care Medicine Board of Regents to Chair a Committee to Develop National Acute Airway Management in the Critically Ill Patient Guidelines.

David Adler (PI) and Beau Abar (Co-I) have been awarded a \$50,000 grant from the CTSI to study interventions to improve adherence to recommended cancer screening among ED patients.
