

Department of Emergency Medicine Research and Academic News

JANUARY 2016

HAPPY NEW YEAR!!

Congratulations!

David Adler has been appointed as the new Director of Emergency Medicine Research. Dave has been an integral part of our department for many years and has a proven track record in academics and research. In this new position Dave will help lead and drive forward our very important research program, and he will serve as part of the ED senior leadership team.

Media

Courtney Jones has been promoting her research related to recreational ice skating injuries. They also inquired about "hoverboard" injuries which they included in a separate news segment.
