

MAY 2017

## Congratulations!

Congratulations to **Nancy Wood** for her dedicated service to not only Emergency Medicine Research but the University as a whole as she celebrates 30 years of service this May. Nancy is a Certified Clinical Research Coordinator (CCRC) specializing in Health Services Research, with a particular research interest in Telemedicine. She is also the Administrator of the EDRA program and a member of the EM Research Leadership Council.

**Layne Dylla** was accepted as a member of the New York ACEP Research Committee.

**Marilynn Reif** was one of the recipients of the Meliora Award (click link for awards), which celebrates staff members who have demonstrated significant and longstanding contributions to the University. The recipients were recognized on April 19th and their names are inscribed on plaques in the Medical Center as well as in Wallis Hall on the River Campus.

## News

**Elizabeth Murray** was elected to the American Academy of Pediatrics Executive Committee of the Council on Communications and the Media's Executive Committee, which is a national position. Elizabeth was also chosen to be on the planning committee for the 2018 American Academy of Pediatrics National Conference.

**Aaron Fields** was featured on NPR to discuss 'What's Next for Marijuana?' (click on link to hear the interview)

## Presentations

**Aaron Fields** presenting Buprenorphine Treatment of Opioid Dependence for Patients Hospitalized with Infective Endocarditis at the American College of Medical Toxicology Annual Scientific Meeting (ACMT) in San Juan, PR.
