

Incident Command System Recorded Webinars Series ICS 700 - ICS 100 – ICS 200 - HICS

INTRODUCTION:

All hospitals and healthcare systems receiving Federal preparedness and response grants, contracts or cooperative agreements (HPP Grant) must maintain compliance in training staff in the National Incident Management System (NIMS). NIMS courses include ICS-100, ICS-200 and ICS-700 or their equivalents. This webinar series is designed to provide an overview of each course and to prepare staff for the FEMA exam/certification.

SESSION OVERVIEW:

- **IS-700.b**

National Incident Management System: An Introduction

IS-700.b webinar session provides individuals with emergency management responsibilities including prevention, preparedness, response, recovery and mitigation with an introduction and overview of the National Incident Management System (NIMS). NIMS provides a consistent nationwide template to enable all government, private-sector, and nongovernmental organizations to work together during domestic incidents.

- **IS-100.c**

Introduction to the Incident Command System

IS-100.c webinar session provides personnel involved with emergency planning, response and recovery efforts an introduction to the Incident Command System (ICS) and provides the foundation for higher level ICS training. This session will cover the history, features and principles, and organizational structure of ICS. It will also explain the relationship between ICS and the National Incident Management System (NIMS).

- **IS-200.c**

Basic Incident Command System for Initial Response

IS-200.c webinar session reviews the Incident Command System (ICS), provides the context for ICS within initial response, and supports higher level ICS training. This course provides training on, and resources for, personnel who are likely to assume a supervisory position within ICS.

- **HICS**

Hospital Incident Command System

The HICS webinar session will provide an overview of the Hospital Incident Command System (HICS) and the operation of the Hospital Command Center (HCC) during emergency and non-emergency situations.

TARGET AUDIENCE:

FEMA IS Sessions: Staff person(s) who are either preparing to take the FEMA IS exam or need a refresher in ICS basics.

HICS: Staff person(s) who need an introduction or refresher on Hospital Incident Command System principles.

FEMA CERTIFICATION REQUIREMENTS:

In order to receive official certification in the IS courses students must take the FEMA Final Exam via links provided. Please note that the IS Program now requires a FEMA SID to be used instead of your SSN. If you do not have a SID or forgot your FEMA SID, visit this site: <https://cdp.dhs.gov/femasid>
