

Aware Prepare Update

Department of Health

Office of Health Emergency Preparedness

Mid-month January 2022

Welcome to the **Mid-month January 2022** issue of the Aware Prepare (AP) Update. The AP is your bi-monthly guide to upcoming trainings related to preparedness, readiness, and response. These trainings may be provided in one or more of the following formats, including: live webcasts, webinars and in-person training; archived webcasts, webinars and On-Demand eLearning on the www.NYlearnsPH.com Learning Management System. Questions or submissions, email: edlearn@health.ny.gov

FEMA Master Public Information Officer Program (MPIOP) Three-Course Series

The MPIOP prepares Public Information Officers for an expanded role in delivering public information and warning using a strategic whole community approach. [Click here for more info \(Training Opportunity 1661\)](#) Target Audience: PIOs with minimum of 5 years experience.

Additional Training of Interest:

Disaster Medicine: Sepsis Training Series

Sponsored by Sepsis Alliance Institute. Populations affected by disasters are exposed to a variety of health hazards such as trauma, burns, poor sanitation, and mass sheltering, all of which place them at increased risk of infection and sepsis. Target Audience: This activity has been designed to meet the educational needs of emergency responders, disaster medicine teams, including within U.S. Government, emergency planners, facility managers, occupational health and safety personnel, nurses, physicians, pharmacists, and other healthcare staff.
