

**Bobbi Alcock**  
**Program Assistant**  
**Onondaga County Health Department – Public Health Preparedness Program**

Bobbi Alcock works in all phases of the disaster cycle with the ultimate goal of protecting the residents of Onondaga County Health Department from a public health crisis. She develops or helps to improve upon health department response plans, develops training and exercises to better define the response plans, is part of public health crisis response, and partners with organizations and agencies in the community to help them plan their role in a crisis. Bobbi also coordinates a regional Medical Reserve Corps unit.

Bobbi has a BS from SUNY College at Brockport and a certification in Volunteer Administration from CCVA.
