

## Hospital Preparedness Program (HPP) Deliverable Nine (9) Facility Evacuation Planning Application (Facility Profile Application) - All Hazards Briefing

### Background

The Facility Evacuation Planning Application (FEPA) (previously known as Facility Profile Application) is a planning tool designed to facilitate the development and maintenance of Health Care Facility (HCF) (adult care facility, hospital, nursing home) evacuation planning information related to evacuation and send/receive arraignments needed to make that possible. The FEPA has been modified as an all-hazards planning tool for all of New York State (NYS).

### Goal

This training will serve as an information session to provide programmatic update on application for facilities.

### Target Audience

Hospital Emergency Management Coordinator in their respective coalition region, Hospital or other staff as authorized by the hospital.

### NYSDOH Faculty

- Kate Butler– Azzopardi, Healthcare Facility Preparedness Manager, Office of Health Emergency Preparedness
- Patricia Moran, Evacuation Planner, Office of Health Emergency Preparedness

### Training Dates (choose one)

- Tuesday January 15, 2019 1:00pm-2:30pm
- Friday January 18, 2019 10:00am-11:30am
