

Training Announcement: Planning Section Chief (PSC) Course (L-962)

September 24-27, 2019 (4 days)

State Preparedness Training Center

Introduction and Background

The primary goal of the NIMS ICS All-Hazards Position Specific Training Courses is to provide all-hazards competencies and behaviors for Command and General Staff and selected Unit Leader personnel who are members of an existing or developing Incident Management Team (IMT). Competencies in the training are focused around the ability of the student to assume specific position responsibilities, lead assigned personnel, communicate effectively, and to ensure the completion of assigned tasks in order to meet identified objectives for the position. Personal qualifications to serve as members of IMTs are designed to consider a combination of training, operational experience during exercises or actual incidents, job shadowing, field mentoring, and administrative requirements.

Course Description

This course is designed to provide local and state-level emergency responders with a robust understanding of the duties, responsibilities, and capabilities of an effective PSC on an All-Hazards Incident Management Team. These responsibilities fall into two categories: PSC duties 1) managing the planning cycle and 2) tracking resources and incident status. Exercises, simulations, discussions, and a final exam enable students to process and apply their new knowledge.

Target Audience and Student Selection Criteria

NIMS ICS Position Specific training should be completed by personnel who are regularly assigned to functional, support, or unit leader positions on USFA or other Type III All-Hazards Incident Management Teams (AHIMT), or by those persons who desire to seek credentials/certification in those positions.

Location

State Preparedness Training Center
5900 Airport Road, Oriskany, NY 13424
