

MGT-383 EMERGENCY OPERATIONS PLANS FOR RURAL JURISDICTIONS

NO. OF OPENINGS: MIN 25/MAX 40

BROOME COUNTY

1 DAY

JUNE 28, 2019

SOUTHERN TIER

ANNOUNCED: APRIL 25, 2019

Description:

The course provides practical knowledge about the planning process, different types of EOP formats, and the components of each. Participants engage in scenarios designed to reinforce lessons learned, enable them to determine the best format for their particular jurisdictions, and to organize the various planning components into an EOP. With the increased threat of natural disasters and terrorist incidents, it is important (and in some cases a requirement for funding) for rural emergency managers to have an EOP in place. When disaster strikes and response time is critical, it is too late to create a plan. MGT 383 Emergency Operations Plans for Rural Jurisdictions encourages a proactive plan of action that allows for a stable, reliable EOP to carry a rural community through any potential incident. It enables participants to recognize EOP components and assist with strategies for implementation. It also assists with understanding how to integrate standard operating procedures (SOPs) into the EOP framework.

Objectives:

- identifies characteristics of an effective planning processes presents the key concepts for how to maintain a current and viable plan
- demonstrates the components of an EOP and their relationship to each other
- establishes relationship between EOP and SOP
- explains steps for implementing SOPs and Emergency Support Functions (ESFs) in a rural EOC
- illustrates the need for and process behind an EOP maintenance plan
- determines the ESFs that would be referenced to resolve an incident covering a wide area
- describes the three types of annexes used in the ESF format and explains the functions of each e
- explains the types and purposes of various procedural documents
- explains the reasoning behind linking procedural documents to EOPs

Location:

Our Lady of Lourdes Memorial Hospital
Lecture Hall One
169 Riverside Drive
Binghamton, NY 13905

Time:

8:00 a.m. – 5:00 p.m.

Cost:

There is no fee for the course. Food, lodging & transportation costs are the responsibility of the participant.
