**List 1:** Designed for public health workers, emergency responders, healthcare workers, social workers etc., and volunteers working directly with children or adults in emergencies or in the aftermath of conflicts, natural disasters, and critical events.

**Resource 1:**

**Title:** Lay Counseling 2-Day Training Workshop

**Organization:** FEMA/Ready.gov

**Year:** 2013

**Description:** This resource is a 2-day training PowerPoint presentation with a section on PFA. The link includes handouts on PFA do's and don'ts, step-by-step PFA, practice dialogue, PFA role-play (natural disaster, violence, accident, broken heart, rape, divorce, forced marriage, death, and news of illness), strategies for stress management, and peer support strategies.

**Special Features:** Available in English, German, French, and Danish.

**Link:**

<http://pscentre.org/topics/lay-counselling-additional-resources>

**Note:** Upon opening this link, click “Lay Counselling Activities – Handouts – Zipped files.” This will open a file where you will find all of the resources needed to facilitate trainings. The file, “Lay\_EN\_Powerpoint Presentation.ppt” is the full training guide for lay counselling, but it has a section on PFA.

**Resource 2:**

**Title:** Psychological First Aid Medical Reserve Corps Field Operations Guide

**Organization:** Medical Reserve Corp, National Child Traumatic Stress Network, National Center for PTSD

**Year:** 2006

**Description:** Provides information about how to conduct and utilize PFA in a textbook format. This book is useful for Medical Reserve Corps staff, or other volunteers with intended use with children, adolescents, parents/caretakers, families, and adults. This training includes survivors with disabilities. It does not include role-play scenarios. It includes useful handouts for survivors.
