\$30 Million commitment from Saunders Foundation supports Department of Orthopaedics, School of Nursing

The Saunders Foundation, led by University of Rochester Trustee Emeritus E. Phillip (Phil) Saunders, has made a \$30 million commitment to the University of Rochester Medical Center to support novel research and clinical programs in orthopaedics, faculty in the School of Medicine and Dentistry, and scholarships for School of Nursing students. Teenager revives father after cardiac arrest

The ball soared across the golf course. Jon Crabbe stepped away from the tee and started walking toward his son. And collapsed. Fifteen-year-old Jack dialed 911 for help. His dad wasn't breathing. He was in cardiac arrest. Jack knelt and began cardiopulmonary resuscitation (CPR) just as he was taught at Victor Senior High School. (2 minute read)

Future COVID boosters could be nasal: URM researchers lead study on next-gen vaccines

Sore arms may soon rejoice—future COVID boosters could be delivered as a puff instead of a jab. Vaccine researchers at the University of Rochester Medical Center (URMC) are investigating whether nasal vaccines, already available for the flu, can be effective against COVID. (2 minute read)

Wilmot Warrior Weekend sets new records!

Our second annual Wilmot Warrior Weekend raised \$466,000 to support research and survivorship programs at Wilmot. We are grateful to have had 260 cyclists and more than 1,400 runners and walkers on Sunday, September 22 gather to share their spirit and compassion in support of Wilmot. More than 200 volunteers gave their time to help the event run smoothly. Your generosity makes a big impact. [Donations are still being accepted through October 31.](#)
