

Tenth Annual Lung Research and Trainee Day

Pulmonary & Critical Care - Lung Biology & Disease Program - Neonatology

January 22, 2018 Flaum Atrium and Class of '62 Auditorium

9:00 - 10:00 am

Poster Set Up

Flaum Atrium

10:00 am - Noon

Poster Viewing and Judging

Flaum Atrium

Refreshments Provided

Guest Speaker: Rama K. Mallampalli, M.D

Noon - 1:00 pm

*Division Chief, Pulmonary, Allergy, and Critical Care Medicine
UPMC Endowed Professor and Director,
Acute Lung Injury Center of Excellence
Department of Medicine
University of Pittsburgh*

Class of '62
Auditorium

Box Lunch Provided

1:00 - 1:15 pm

Best Poster Awards Presentation

Class of '62
Auditorium

1:30 - 2:00 pm

Poster Take Down

Flaum Atrium

2:00 - 3:30 pm

Career Development Round Table

Drs. Rama Mallampalli, Michael O'Reilly, and Patricia Sime

Lund Room
3.3211

Light Snack Provided

Keynote Presentation

Class of '62 Auditorium

"New Pathways of Inflammatory Lung Injury Leading to Small Molecule Discovery"

Rama K. Mallampalli, M.D

Noon - 1 pm

Dr. Rama K. Mallampalli is a UPMC Endowed Professor and Director of the Acute Lung Injury Center of Excellence at the University of Pittsburgh School of Medicine. He serves as Division Chief of Pulmonary, Allergy and Critical Care Medicine. Dr. Mallampalli's research in the area of pulmonary molecular and cell biology as it relates to acute lung injury (ALI) and the mechanisms of sepsis. He is an internationally recognized investigator in the area of lipid metabolism and ubiquitin-mediated proteolysis in inflammation and injury.
