ADVANCED CERTIFICATE IN CLINICAL BIOETHICS

REQUIRED COURSES FOR ADVANCED CERTIFICATE

Required Courses
MHB 482: Clinical Ethics & the Law
MHB 472: Philosophical Foundations of Bioethics
MHB 410: Clinical Bioethics

FEATURES AND BENEFITS

The Advanced Certificate in Clinical Bioethics is a multidisciplinary graduate credential administered by the University of Rochester's Department of Health Humanities & Bioethics in the School of Medicine and Dentistry that prepares students to identify, analyze, and discuss the ethical considerations and/or conflicts that arises in the context of health care decision-making.

This program addresses stated priorities in the University of Rochester School of Medicine and Dentistry and University of Rochester Medical Center strategic plans. This program reinforces the biopsychosocial approach to patient care and develops clinical skills, knowledge, and attitudes consistent with health care professional core competencies.

Clinical Skills include:

- Ethical & humanistic patient care
- Interpersonal & communicative skills
- Professionalism

WHO SHOULD APPLY?

This program is open to all graduate students at the University of Rochester, all faculty and staff at the University of Rochester Medical Center, and all faculty and staff at all UR Medicine affiliated institutions.*

*Employee tuition benefits apply
