Erin K. McCreary, PharmD, BCPS, BCIDP
Clinical Assistant Professor of Medicine
University of Pittsburgh Medical Center

Erin McCreary, PharmD, BCPS, BCIDP is a Clinical Assistant Professor within the University of Pittsburgh Department of Medicine, Division of Infectious Diseases (ID) and the Director of Stewardship Innovation for UPMC. She received her PharmD from the Auburn University Harrison School of Pharmacy and completed her PGY1 Pharmacy and PGY2 Infectious Diseases residencies at the University of Wisconsin Health.

Dr. McCreary co-chairs the UPMC COVID-19 Therapeutics Committee and serves as a co-investigator for the REMAP-CAP trial, a global, adaptive, clinical trial evaluating multiple therapies for COVID-19. She is also the lead pharmacist and co-investigator for OPTIMISE-C19, the UPMC monoclonal antibody therapy for COVID-19 trial. She has published numerous peer-reviewed manuscripts in the areas of antimicrobial stewardship and infectious diseases. She also serves on the Society of Infectious Diseases Pharmacists Executive Board and a host of Breakpoints—The SIDP Podcast.
