

The Bridge Art Gallery

About Us

As a part of the Department of Psychiatry, the Office of Mental Health Promotion (OMHP) aims to provide a new space for local artists to display their artwork while at the same time creating a lovely and therapeutic environment for patients, families, and employees of Strong's Mental Health and Wellness.

High school aged artists are asked to create work that reflects the show theme, *Resiliency and Courage*. We encourage teachers to submit student works of art as well.

Only 2D mediums will be considered, including works on paper, un-stretched canvas, and masonite. Locked frames are provided in two sizes, 16" x 20" and 20" x 24", in preset orientations.

Artists must mat artwork to fit designated frame size and orientation.

Art will be juried by the Department of Psychiatry.
