Hardcover | 9780190667351
June 2018 | 416 pages
£75.00 **£52.50** | \$115.00 **\$80.50**

- Brings together experts across the disciplines of maternal fetal medicine, neurology, **obstetrics**, family planning, genetics, **anesthesia**, psychiatry, neurosurgery, and lactation
- Each chapter provides a detailed care map on each unique disorder
- Comprehensive guide on best care for patients with neurologic disease before, during, and after pregnancy

Neurological Diseases and Pregnancy: A Coordinated Care Model for Best Management brings together experts across the disciplines of maternal fetal medicine, neurology, obstetrics, family planning, genetics, anesthesia, psychiatry, neurosurgery, and lactation to provide a multi-disciplinary, comprehensive, protocol-driven guide on best care for patients with neurologic disease before, during and after pregnancy. Beyond pregnancy care, this volume further serves as a resource on best care for the life-course of women affected by neurologic disease.
