2019/2020
Research Career Institute in the Mental Health of Aging (CIMA)
Accepting Applications

I am pleased to inform you that we are now accepting applications for the 2019 - 2020 Research Career Institute in the Mental Health of Aging (CIMA). CIMA is a year-long NIMH-funded mentoring network that includes a Summer Research Institute which will be held from July 14th - July 18th at Brigham and Women’s Hospital-Harvard Medical School in Boston.

The overarching goal of CIMA is to facilitate career progression and attainment of federal funding for individuals at the postdoctoral or junior faculty level who are seeking an academic career focused on the mental health of aging.

To apply, please email the following application materials addressed to Faith Gunning, PhD at nlv2002@med.cornell.edu by March 15, 2019. Please make sure that "2019 CIMA Application" appears in the subject line:

- A one page statement of research and career development goals
- Current Curriculum Vitae or bio sketch which includes your address, phone & fax numbers, and email address
- One letter of reference

The costs for travel to and lodging at the Summer Research Institute are covered by a grant from the National Institute of Mental Health.

Best,

Faith and Nicole

Faith Gunning, Ph.D.
Associate Professor of Psychology in Psychiatry
Vice Chair for Research and Psychology
Department of Psychiatry

Nicole L. Vital, MA
CIMA Program Coordinator
Department of Psychiatry
